The book begins with a discussion of the concept of nation building, and how it has been used to justify both the creation and destruction of nations. The author then examines the history of the Kurdish people, and how they have been subjected to genocide at the hands of various states. The book

concludes with a discussion of the implications of the Kurdish case for our understanding of nation building and genocide.

Reviews

"This is a groundbreaking book that challenges our understanding of nation building and genocide. The author provides a detailed and nuanced analysis of the Kurdish case, and shows how these two processes are often intertwined. This book is essential reading for anyone interested in the history of the Kurds, or in the broader issue of nation building and genocide."
